MINISTER FOR PUBLIC WORKS
Ref. No.
16 MAR 1955
GOVT. OF MADRAS

DATED 11-3-1955

Subject: Electricity - Rural Electrification - Extention of supply to villages in Coondapoor taluk, South Kanara District - Requested.

The people of South Kanara District are grateful to the Government for taking steps to supply electric power from Jog. It is great gratifying that the works connected with the same are being in rapid progress, with a view to supply power as early as possible.

In this connection let me place before you the following for your kind consideration and necessary action:

(a) Coondapoor taluk in South Kanara District is a very backward one. Realising the backwardness of the taluk, the benign Government has been bestowing greater attention to improve the condition of the people of the taluk by affording them requi amenities. In October, 1954, two revenue firkas numbering about 67 villages are brought under National Extension Scheme and all out efforts being made by the Government to improve the lot of people.

(b) It is expected that power from Jog would be supplied to South Kanara by October, 1956. Before that it may be desirable t make arrangements to supply power to rural areas so that the entire power available by Jog may be fully utilised by the people of South Kanara District.

(c) Permit me to state, that not a single village in Coondapoor taluk is now taken up under rural electrification scheme. Several towns in the taluk namely (1) Coondapoor, (2) Koteshwara (3) Bassur (4) Gangolly (5) Byndoor and also villages need electric supply for agricultural, industrial and domestic purpose Under the Jog scheme a sub-station will be located at Coondapoor and the construction of the buildings etc. for the same are in

progress. As such extention of power lines to the rural ~~main~~ parts of the taluk can be taken up and pushed through without any difficult whatsoever.

It is the declared policy of the Government to supply power to areas of National Extension Scheme Blocks in preference to other areas. I ~~have~~ have already pointed out that about 67 villages of the Taluk are under Natinnal Extension Scheme and as much it is but natural that these villagesshould have priority in the matter of supply of Electric power.

(d) With a view to make good progress in the matter of rural electrification, the Government has provided Rs.764 lakhs in the budget (1955-56) for the same and with this outlay the Government hope to cover 600 villages in the Budget year. In view the substantial provision made in the Budget, May I request you to consider the demand of the above said backward area of the State.

3 I request you to consider the demand of Coondapoor taluk and to order to take up rural electrification of the villages of the said taluk in 1955-56. Hope this representation of mine will receive your kind and sympathatic consideration and necessary action.

Thanking you,

Yours faithfully,

(Y. MANJAYYA SHETTY).
M.L.A.

No.1911-F/54-3 dated 13th April 1955

Sir,

Sub: Electricity--Pykara System--Extension of power to Coondapur Taluk, South Kanara District

Ref: Govt.Memo.No.23478.E/55-2 dt. 1.S.K
31-3-1955.

--

As per original programme, it was proposed to extend the lines for supply to Coondapur area after the establishment of Coondapur Substation and after the receipt of Jog power from Mysore Government. As Mysore power is likely to be available only in 1956, it has since been decided to construct the necessary lines so that Coondapur area can be served initially from the existing Udipi Thermal Station, in advance of the receipt of Jog power..

2 The Superintending Engineer, Pykara Elecy. System is being instructed to formulate proposals urgently for extending electricity to the villages in Coondapur Taluk and as soon as they are finalised further action will be taken for their sanction and execution.

To

Sri Y.Manjayya Shetty, B.A., L.L.B.,
M.L.A,
Coondapoor, South Kanara Dt.

Sir,

Sub: Electricity - Pykara Elecy. System - South Kanara Dt.- Extenskon of supply to villag in Coondapoor taluk.

Ref: Your D.O.Lr.dated 11-3-1955 to M(W).

I am directed to state that since Jog power is likely to become availabl only in 1956, it has been decided ~~to~~ by the Electricity Department to construct the necessary lines to Coondapoor area to enable extension of supply to the area in the first instan from the existing Udipi Thermal Statio in advance of the receipt of Jog Power Accordingly necessary instructions hav been issued to the S.E., Pykara Elecy. System to formulate proposals urgently for extending supply to villages in Coondapoor taluk. On receipt of finalised schemes in this regard, suitable further action will be taken for their sanction and execution.

"Please examine and put up. The communication may be acknowledged.

S.R./19-3-55".

--

Please see the letter from Sri Y. Manjayya Shetty, M.L.A. on pp.1-2 c.f. and the minute of M(W) thereon extracted above. The letter has been acknowledged.

2. The M.L.A. has stated, although works connected with the supply of Jog power to the South Kanara Dt. are in rapid progress, not a single village in Coondapoor taluk is taken up under rural electrification schemes. He has pointed out that (1) Coondapoor (2) Koteshwara (3) Bassur (4) Gangolly (5) Byndoor and other villages in Coondapoor taluk need power for agricultural, industrial and domestic purposes and it is possible to extend supply to the above towns from the sub-station to be located in Coondapoor under the Jog scheme, the work on which is progressing. He has requested that in view of the large provision made in the budget for 1955-56 for rural electrification, the demands of the Coondapoor taluk may be considered and the rural electrification to the above villages ordered to be taken up in 1955-56.

3. Obviously, the M.L.A. means that the above villages are not included in any extension scheme

for supply of Jog power. The C.O.E(S) in another connection stated that power supply to Coondapoor and Baindur would be feasible after supply from Jog was made available and they would be included in the scheme under preparation. It may also be mentioned that the Coondapoor taluk has been included in the South Kanara Community Project area and the Director of Community Projects has agreed to advance 15 lakhs of rupees from the C.P. Funds for extending sup_ly to the Coondapoor, Mangalore and Karkal taluks and the C.E.(E) had instructed the S.E. to depute special staff to the above areas to prepare rural distribution schemes to be fed ultimately ~~in~~ with the Jog power. So it may be seen that Coondapoor and Baindur would be surveyed for load prospects and included in the extension schemes. No information is available here in respect of other villages. The C.O.E(S) may be consulted. Draft memo is for approval.

30355 30.3.55 31.3.55

(Issued as Memo.No.23478 E/55-2 dated 31-3-1955).
(From the C.O.E.(S) Letter No.1911 F/54-3 d/13-4-55).

Sri Y. Manjayya Shetty M.L.A. has represented that although works connected with the supply of Jog Power to the South Kanara Dt. are in rapid progress, not a single village in Coondapoor taluk is taken up under the rural electrification schemes. He has pointed out that (1) Coondapoor (2) Koteshwara (3) Bassur (4) Gangolly (5) Byndoor and other villages in Coondapoor taluk need power for agricultural ndustrial and domestic purposes and that it may be ible to extend supply to the above villages from b-station to be located in Coondapoor under the

Jog Scheme and work on which is now progressing. He has requested that in view of the large provision made in the budget for 1955-56 for rural electrification, ~~rural electrification in~~ the question of extending supply to the Coondapoor taluk may be considered and (rural electrification) schemes taken up for execution in 1955-56. M(W) has ordered that the matter should be examined.

2. The C.O.E.(S) was consulted in the matter and he has reported that as per original programme, it was proposed to extend power lines to Coondapoor only after the establishment of Coondapoor sub-station and after the receipt of Jog Power from Mysore Govt. As Jog Power is likely to be available only in the middle of 1956, it has since been decided to construct the necessary lines so that Coondapoor area can be served initially from the existing Udipi Thermal Station in advance of receipt of Jog power. He has also stated that the S.E., Pykara Elecy. System is being instructed to formulate proposals urgently for extending elecy. to the villages in Coondapoor taluk and as soon as they are finalised further action will be taken for their sanction and execution.

3. In the circumstances stated above, the M.L.A. may be informed of the position as mentioned in para 2 above. Draft letter is submitted for approval. The file may be circulated to M(W) with reference to his orders on page 2 c.f.
